

CALL FOR APPLICATIONS

69th Eric P. Newman Graduate Summer Seminar in Numismatics

June 3 – July 25, 2025
New York City

About the Seminar

This intensive eight-week program provides participants with:

- Lectures and workshops on numismatic methods, theories, and history by ANS staff and distinguished guest scholars
- Direct access to the ANS's world-renowned collections
- A chance to complete a research paper on a chosen numismatic topic, guided by the expert mentorship of the resident Curators and of the Visiting Scholar

Eligibility

The seminar is primarily designed for:

- Doctoral candidates in fields such as History, Art History, Archaeology, Textual Studies, and Digital Humanities
- Master's students with strong academic credentials may also be considered
- U.S. citizens, permanent residents, and international students studying at U.S. institutions with eligible visas
- Prior experience in numismatics is not required.

How to Apply

Visit numismatics.org/2025seminar to find the application and more information.
